Learning aim(s)	**A**: Plan and research a hospitality project **B**: Carry out and monitor the hospitality project **C**: Review the hospitality project
Assignment title	**Hospitality Research Project**
Assessor	
Issue date	
Hand in deadline	

Vocational Scenario or Context	You have been asked to produce a research article for a hospitality industry website on a current issue relating to the hospitality industry that interests you. The article is going to form the basis of a project which you will complete and hopefully get published on the website.
Task 1	Identify at three possibilities for your project and then after discussion with your tutor and possibly your work placement, decide on the one idea that you are going to investigate. Your article should include: • The identification of the chosen idea you will research, justifying reasons for the choice of your project • An analysis of the importance of factors that must be considered when planning the project • Produce a realistic and detailed research proposal, including the research methods used to collect information used and the chosen activities • Assess how the proposed plan and identified deadlines will meet the expected outcomes, justifying the relevance of any resources used.

Pearson BTEC

Checklist of evidence required	Website article
Criteria covered by this task:
